

Tap into the Power of Leadership with John Baldoni

Keynotes • Workshops

Vision.

Communication.

Alignment.

Execution.

Development.

You can sum it up in one word – leadership!

Leadership is the salient attribute that distinguishes successful individuals and organizations. Leadership is about achieving intended results that stand the test of time. Leaders are those who set the example for others to follow and support them in the achievement of their individual and team goals.

For your next management event, invite John Baldoni to speak on leadership. His keynotes and workshops will provide your people with insights they can use immediately to build trust and drive results. John's topics include:

- *Get Great Results the Right Way Right Now*
- *Great Communicators Make Great Leaders*
- *Great Motivators Make Great Leaders*
- *Leveraging the Power of Personal Leadership*

About John Baldoni

For more than 20 years John Baldoni has been helping men and women from the top floor to the shop floor become more effective leaders. Widely quoted in the media as an authority on management and leadership issues, John writes a monthly leadership column and has published dozens of management articles. His many books on leadership are used by individuals and organizations the world over. His writings have been translated into Chinese, German, Indonesian, Japanese, Korean and Spanish. He is a frequent speaker on leadership topics to corporate, professional, military and university audiences. ***Free video upon request.***
